Application Guidelines

STEP 1. Verify Eligibility

- Customer must have a valid AEP Ohio account.
- Equipment must be installed at facilities served by the AEP Ohio account.
- All installed equipment must be on the approved [equipment list](#).
- Please see [EV Charging Station Terms and Conditions](#) for program rules and regulations.
- Individual applications must be submitted for each proposed project site.
- Incentive limits apply to all affiliates and subsidiaries of the customer.
- All installed equipment must be separately measured by an AEP Ohio installed check meter for the purposes of data collection. Electrical permits, when required by local jurisdiction must be provided to AEP Ohio prior to installation of check meter.
- Each EVSE will be required to display the AEP Ohio logo. EVSEs in the seven counties of Smart Columbus are encouraged to also include the Smart Columbus logo. Artwork must be pre-approved by AEP Ohio prior to production.
- The Site Host is required to maintain the EVSE for the full 4 years from the operational date of the EVSE, including network data access, and is required to pay all Operations and Maintenance costs associated with the EVSE.

STEP 2. Complete Applicant Information

- All fields in customer and project information sections must be completed.
- Contractor information must be completed.

STEP 3. Complete the Incentive Worksheet(s)

- Find and read specifications related to the project.
- Choose the incentive category on the worksheet based on equipment to be installed and specifications.
- Complete all fields on the related worksheet.

STEP 4. Submit Pre-Approval Application

- Read the Terms and Conditions before signing and submitting the application.
- Pre-Approval Application must be submitted with complete information in all fields in all sections:
 - Applicant Information
 - Customer Agreement
 - Project Narrative
 - Project Costs and Financing
 - Illustration of proposed equipment site location and configuration
- Submit W-9 form

(continued on next page)

STEP 4. Submit Pre-Approval Application (continued)

- Sign and Submit a Pre-Approval Application to determine qualification and reserve program funds for a project.¹
- Submit application via email to OhioEVCharging@aep.com. No handwritten or faxed applications can be accepted.
- An inspection may be required during application review; applicants requiring inspection will be contacted for scheduling.

STEP 5. Submit Final Application

- Complete all fields for Final Application Agreement.
- After the project is completed, sign Final Application Agreement and submit the application to receive funds.
- Update the application if equipment and/or final costs differ from pre-application.
- Final Application must be submitted with:
 - Dated and itemized material invoice
 - External labor invoice (if applicable)
 - Photo of installed equipment with required co-branding displayed
- Submit application via email to OhioEVCharging@aep.com. No handwritten or faxed applications can be accepted.
- An inspection may be required during application review; applicants requiring inspection will be contacted for scheduling.

¹ AEP Ohio must review and approve the application to reserve funds. A Pre-Approval Application is not a guarantee of an incentive; the actual incentive will be based on eligible project costs as determined in the Final Application. Funds are reserved for 90 days, unless an applicant is granted an extension. The program team reserves the right to contact the customer before the reservation expiration date to ensure that the project is moving forward. If the project is not underway, the reservation may be cancelled.
